

## ST. LOUIS INQUIRY STARTED

**Coroner Summons the Dancer Who Discovered the Fire**

**14 BODIES IDENTIFIED**

**While Six Others are At Morgue Burned Almost Beyond Recognition—Municipal Inquiry Also Continued.**

(ASSOCIATED PRESS TELEGRAM) St. Louis, March 13.—The coroner's inquiry into the Missouri Athletic Club fire in which thirty or more lives were lost last Monday was begun here this morning. Miss Adelaide Mason, a dancer, has been summoned as the first witness to tell how she discovered the fire while awaiting in the club lobby for a taxi cab at 2 a. m. the morning of the fire.

The municipal assembly's separate inquiry also continued.

This morning fourteen of the twenty bodies which had been dug out of the ruins were identified. The revised list of identified dead follows:

Kisner, William J., treasurer of Kinser Construction company, East St. Louis, Ill.

William, E. P., banker, New York.

Bier, Marshall, fur dealer, St. Louis.

Erd, Wm. E., real estate dealer East St. Louis.

Kessler, Edwin C., cashier, Ludlow Sailor Wire company, St. Louis.

Reilly, James B., Railroad contractor.

Rickey, John M., Chicago, treasurer Ford Mfg. company.

Thuma, Michael, clothing firm manager, Chicago.

Ruff, Lucius P., department manager Simmons Hardware company St. Louis.

Wright, Thomas J., auditor, William J. Lemp Brewing company, St. Louis.

Shyne, Thomas J., salesman Underwood Typewriter company, St. Louis.

Borders, Wm. R., president of bank of Sparta, Ill.

Albright, Frank W., salesman Rice Stix Dry Goods company, St. Louis.

Goener George, president Holsteir Commission company.

Six other bodies lie at the morgue burned almost beyond recognition.

## TO CONFIRM REPORT OF ENGAGEMENT

(ASSOCIATED PRESS TELEGRAM) Washington, March 13.—Formal announcement of the engagement of Secretary McAdoo and Miss Eleanor Randolph Wilson, youngest daughter of the President and Mrs. Wilson was expected to be made today at the White House.

Persons in a position to know said confirmation of reports of the engagement had been decided upon by the Wilson family, although it had not been intended to make the announcement at such an early date. Publication, however, in many newspapers today of the prospective marriage influenced the decision at the White House.

Rumors were about that with the marriage of Mr. McAdoo and Miss Wilson, which is expected to take place in June, the secretary would resign from the cabinet and be appointed ambassador to France, but White House officials said such reports were without foundation.

## FRAGMENTS

**OF BONE CUT FROM LEGS AND ARMS SUBSTITUTED FOR FAULTY SPINE.**

**Surgeons in Philadelphia Pronounced the Operation Complete Success.**

(ASSOCIATED PRESS TELEGRAM) Philadelphia, March 13.—An operation by which fragments of bone cut from a young woman's arms and legs were substituted for faulty structure in her spine was declared by surgeons who performed the experiment to have proven successful. The woman was brought from Wilmington, Del., to a hospital here suffering from a spinal disorder which prevented her from holding her head erect. After five weeks' treatment, during which the faulty bone and tissue were cut away, and gradually substituted with fragments cut from other parts of the body, the patient was in condition to be removed to her home, and last night it was reported that a complete cure had been effected.

## Ambassador Page Sends Explanation of Panama Canal Speech to Bryan

(ASSOCIATED PRESS TELEGRAM) London, March 13.—Ambassador Walter Hines Page today received from Secretary of State Bryan notification of the resolution of the United States in regard to his speech on the Panama canal and the Monroe doctrine delivered before the Association of Chambers of Commerce on Wednesday.

The Secretary of State requested the ambassador to cable an explanation of the speech and Mr. Page immediately began the preparation of his reply.

After reading fuller accounts of the proceedings in the Senate Ambassador Page came to the conclusion that the senators had been misled by the excessive condensation of his remarks in regard to his interpretation of the Monroe doctrine.

Mr. Page declared that he had distinctly said that the United States would object to or prohibit any European power from taking more territory in the new world and then in concluding had said amid the laughter of the audience:

"So you see that the United States would prefer that no European powers should gain more territory in the new world."

The ambassador's remarks, he declared, had been too greatly condensed. When referring to the Panama canal, he had said that Great Britain would profit most from the canal because she owned the great bulk of the world's shipping.

## Engineer Shot By Bandits Who Were Robbing Freight Car—Three Are Captured

(ASSOCIATED PRESS TELEGRAM) Peoria, Ill., March 13.—Arthur Fisher, a Chicago & Northwestern freight engineer, was shot dead by bandits in the cab of his engine this morning at Manlius, Ill., forty-five miles north of Peoria. The bandits were surprised while stealing merchandise from the freight train.

A deputy sheriff was shot through the head and may die. He was pursuing the bandits. The station agent at Langley, Ill., was shot in the arm and the fireman on the freight train was shot through the leg. Two robbers were captured.

The shooting occurred about 4 o'clock this morning.

The conductor and the brakeman of a freight train on the Chicago & Northwestern railroad surprised the robbers while they were pitching merchandise out of a train near Manlius.

The train was stopped and the men jumped from the freight cars. They ordered the conductor and brakeman back into the caboose and demanded that Engineer Fisher detach the engine from the train and proceed down the track. He wavered in meeting the request and was shot through the head. He died instantly. The fireman was shot through the leg. The station agent at Manlius telegraphed to Princeton and Langley, small stations near Manlius for help.

In an hour nearly 200 men were scouring the woods for the holdup men. Near Sheffield, Ill., the posse came up with the robbers, who opened fire, and Bert Skoglund, deputy sheriff of Bureau county, was shot through the face, shoulder and through the leg. He is believed to be fatally hurt. Leslie Beyer, son of the sheriff of Bureau county, was shot in the leg. The wound is not serious.

Two robbers were wounded by members of the posse. Two bandits are still at liberty.

One of the thieves was found seriously hurt by a bullet in his abdomen. He was lying on the railroad track two miles out of Sheffield, Ill., and was taken to a hospital in Springfield, Ill.

Bloodhounds were sent from various cities to assist in the search for the remaining desperado.

A third member of the band was captured east of Kewanee today. The officers were close on the trail of the fourth man.

**LIVED IN ESCANABA, MICH.**

(ASSOCIATED PRESS TELEGRAM) Chicago, March 13.—The slain engineer was Arthur Fisher of Escanaba, Mich., according to the records of the Chicago & Northwestern railroad here. He had been with the road about ten years, recently having been transferred from the Michigan division.

## EPIDEMIC

**OF SCARLET FEVER HAS COST NEW JERSEY MOTHER LIFE OF SIXTH CHILD.**

**Mother Has Collapsed From Constant Two Weeks Vigil and Is in Serious Condition.**

(ASSOCIATED PRESS TELEGRAM) Florence, N. J., March 13.—With the death yesterday of her infant daughter, Mrs. Alvah N. Carty, lost her sixth child within the past two weeks in the scarlet fever epidemic here. Of thirteen children, six of whom died previous to the epidemic. Mrs. Carty has only one child left, a 17 year old daughter, who is absent from home and escaped the fever. While the infant which died yesterday had contracted scarlet fever, physicians attribute the immediate cause of death to blood poisoning resulting from a cat's scratch. Mrs. Carty exhausted by her vigil at the bedside of one after another of her children has collapsed and is under a doctor's care.

No new cases of fever was reported yesterday and health officer said the general situation is somewhat improved. Nearly a score of deaths resulted since the epidemic started. A strict quarantine is being maintained and disinfectants have been placed at a central point for use of any citizen desiring them. Public schools, churches, and other places of assembly have been closed since the outbreak of the disease.

The man who buys his popularity generally pays more than the market price.

## NEW RULES

**FOR REGULATION OF THE IMPORTATION OF OPIUM WENT INTO EFFECT TODAY.**

**Collectors Also Warned Not To Permit Exportations Without Express Authority.**

(ASSOCIATED PRESS TELEGRAM) Washington, March 13.—Regulations to carry into effect the recent act of congress prohibiting the importation of opium went forward from the treasury department today to collectors of customs. The regulations supersede those of March 27, 1909.

The law also prohibits, except under certain restrictions, the exportation of opium and cocaine and their preparations, but regulations governing their exportation have not been formulated. Pending the promulgation of these regulations, collectors are warned not to permit the exportation of these two drugs without express authority in each case.

**IRISH MOSS FROM REDMOND.**

Washington, March 13.—President Wilson today received a box of Irish moss and shamrocks from John Redmond, Irish leader in English parliament. Mr. Redmond has been sending shamrocks to the White House for many years for St. Patrick's day.

**GOES TO OXFORD.**

Columbus, March 13.—Professor William W. Boyd, who has been dean of the college of education at Ohio State University during the last two years, has been elected president of the Western College for Women at Oxford, O., according to word received in Columbus from Oxford today.

## ARMY OF GEN. KELLY MUST MOVE

**Armed Deputies Will Break It Up Into Squads For Transportation**

**MORE TIME IS DENIED**

**As Men Spent the Night Arming Themselves With Clubs and Staves, and Any Organization is Considered a Menace.**

(ASSOCIATED PRESS TELEGRAM) Sacramento, Cal., March 13.—The army of seven hundred unemployed men who have been encamped on the Yolo levee opposite Sacramento for the last five days, must break camp today and scatter or be forcibly escorted in small bands to various parts of the state.

The men asked until noon before giving a final answer but their request was interpreted by the authorities as an excuse for time in which to organize, for they were busy overnight fashioning clubs and staves from the willows on the levee banks and from fire wood.

Accordingly the resolution was taken by the authorities to go forth sternly and promptly with the work of driving the "army" out of this territory. Deputy sheriffs armed with stout pick staves were to charge the mass, break it into squads, round up the squads, hustle them into waiting railroad cars and ship them in lots of not more than fifty, to widely separated points, within a radius of 50 miles. The citizens committee of Sacramento is to pay the transportation, and the surrounding counties are acquiescent, provided they not be given too large a problem to deal with at any one point.

Forty extra police besides the regular force of 200 and 275 special deputy sheriffs, divided into watches of 180 men each, aided by a retail of firemen and the militia still guard at the state arsenal, kept a watch at the bridges last night and patrolled the city.

A search of the county hospital and the records of the coroner's office show that there is no truth in the rumor that three men have died of injuries inflicted on them in last Monday's riot. Of eight "army" patients, only one was wounded. He suffered a two inch scalp wound and is rapidly recovering. Another was burned by boiling water when he upset a camp cauldron. The remainder sustained only minor bruises.

## THREE MEN DIE EARLY TODAY IN TENEMENT FIRE

(ASSOCIATED PRESS TELEGRAM) Bridgeport, Conn., March 13.—Fire in a family tenement house here early today caused the death of three men, may result in the death of a fourth and endangered the lives of sixty other persons.

The dead are: James Stadto, Geo. Kocolla and John Matrice.

The fire broke out in the basement and ate its way up through the partitions. The dead men were found suffocated and burned in a small sleeping room on the first floor. The fourth man, who is now at the hospital in a serious condition, was found unconscious on the second floor.

When the occupants were awakened by the police they rushed panic stricken about the building but made no effort to leave it, and had to be driven forcibly to the street by a large force of police. The loss by fire was not heavy.

It was a coincidence that last night A. H. Bullard, a former fire commissioner of this city, in an address before a local organization criticized strongly Bridgeport's fire prevention laws, saying that such laws as existed were not worth printing and that while the fire chief might make suggestions to citizens as to fire prevention about their premises he could not compel the carrying out of the suggestions.

## POTTERS WANT HOSPITAL FOR TUBERCULOSIS

(ASSOCIATED PRESS TELEGRAM) Chester, W. Va., March 13.—The health committee of the National Brotherhood of Operative Potters has recommended to the organization the purchase of a 150-acre farm near Trenton, N. J., as a site for a sanatorium for the treatment of tuberculous potters. Sentiment in the pottery towns along the Ohio river, favors the sanatorium and it is believed it will meet the favor of the various brotherhood locals.

**"Most Marriages Are Founded on Platonic Love—on the Bride's Part," Says Katherine Grey**

"Are marriages founded on platonic love justifiable?" Katherine Grey, the accomplished and intellectual actress, was asked. Miss Grey is the star of "The Rule of 3," a new farce, in which she manages two ex-husbands and one real husband. She does it successfully.

"Am I really the first man you ever loved?" demanded her third husband. "Of course you are," she replied. "The love with the other two was purely platonic."

"The question whether or not platonic marriages are justifiable is not the important question," said Miss Grey. "The important fact is that most of them are platonic, on the part of the brides at least. It doesn't make any difference whether they are or are not to be justified, they will continue."

"Most women," she continued, "wed for a home and independence of their parents or guardians, for a chance to be some one in a world of their own. They like their husbands, of course. They pick out the kind of men they can like. But most of the love is on the part of the husbands. The brides make a great pretense of love. Some of them do love; others learn to love after they have been married—if the husbands are gallant enough to make them learn."

"In Europe there isn't even the pretense of love, most marriages being settled by parents. Girls don't see enough of their fiancés before marriage to learn to love them unless it is a case of love at first sight. Some of them learn to love their husbands later, and some learn to love other women's husbands."

Miss Grey spends her leisure hours reading Kant and Hegel, dotes on Lamartine, and adores Huysmans. But Miss Grey sees nothing in this to surprise one. According to her own Hegel, life is a system of contradictions, and for a thing to be true its opposite must also be true.

## French Duel In Presence of Many Notables; Pictures of Affray Taken By Operators

(ASSOCIATED PRESS TELEGRAM) Paris, March 13.—A sword duel fought today between Jacques Richepin, son of Jean Richepin the "Immortal," and Pierre Frondaie, author of a play now being performed in Paris, resulted in the wounding of M. Frondaie.

The quarrel arose over an incident in the lobby of a theatre on Wednesday. Frondaie, it is alleged, made some cutting remarks to Jacques Richepin's wife. Frondaie took full responsibility for his comments and was thereupon challenged to fight by M. Richepin. The encounter took place on the lawn of a house of the suburb of Neuilly. More than a hundred notable literary and dramatic men watched the combat from behind hedges and windows while numerous reporters, photographers and moving picture operators occupied a loft overlooking the lawn.

The wives of both principals appeared on the scene but were not allowed to watch the combat. They remained on the road outside in their automobiles where they were surrounded by crowds of women friends. They could hear the sounds of the clashing of swords from where they sat.

During the first bout neither combatant was touched. In the second, however, Richepin's sword penetrated Frondaie's forearm and the engagement was brought to an end.

Jean Richepin then embraced his son, and his wife threw herself into his arms, while Madame Frondaie helped the surgeon to dress her husband's wound.

The combatants left the ground without being reconciled.

## ORGANIZED

**FOR THOROUGH INVESTIGATION OF EVERY FORM OF EVIL IN NEW YORK.**

**Association Is Being Formed Secretly Among Members of the Grand Jury Panel.**

(ASSOCIATED PRESS TELEGRAM) New York, March 13.—A new way of keeping tabs on city officers and city affairs has been developed through the organization of "The Association of the Grand Jury." It is composed of thus far of about eighty members of the general grand jury panel and has been forming secretly for some time. Alexander N. Madden is president. From two to four members of each current grand jury will be asked, or allowed to join.

The business of the association, if the plan succeeds, will be to keep a constant outlook for all forms of evil doing in municipal or private organizations. If a member hears of anything going on that appears to be illegal, he will bring it to the attention of the association, which will take up the subject.

The association, being an unofficial body, has no power to summon witnesses but inasmuch as it has always among its members at least two members of a county grand jury the subject can be handed over to these members and they can bring it to the formal attention of the grand jury.

## WAS BODYGUARD TO GRANT.

(ASSOCIATED PRESS TELEGRAM) New York, March 13.—James Birchard, 81, who was bodyguard to General Grant all through the civil war, died yesterday at his home in Darien, Conn. He was of small stature, but a physical marvel, his strength and agility being famous in war times.

## GRAND JURY FINDS SIX TRUE BILLS

**Franklin County Prosecutor Succeeds in Having Four Men Indicted**

**THE CIVIL SERVICE LAWS**

**Of State Were Violated is Claim—Columbus Business Men and Financiers Offer More Than \$2,000,000 Bonds for Indicted Men.**

(ASSOCIATED PRESS TELEGRAM) Columbus, March 13.—Six true bills, against four individuals, charging violation of the state civil service laws were returned in Common Pleas court by the Franklin county grand jury today.

The indictments were returned sealed and bench warrants were placed in the hands of the deputy sheriffs for service upon the persons named in the indictments.

Those indicted are: Emory W. Lattanner, state superintendent of banks; M. A. Goller, chief clerk in the banking department; W. L. Finley, chairman of the Democratic state committee and A. V. Abernathy, secretary of the state tax commission and former head of the Democratic press bureau. All had bonds prepared in advance. Their bonds aggregated more than \$2,000,000. The security being proffered by Columbus business men and financiers.

Charges against all of the men indicted are soliciting funds for a political party, from state employees under classified civil service. Amounts and names of contributors among these employees are named in the indictments. Judge E. B. Dillon fixed their bonds at \$1000 each.

State officials not indicted started within fifteen minutes after warrants were served on the four men by Sheriff Charles Reach, to arrange a defense fund to employ counsel. It is probable the same counsel will defend all four men.

Since the grand jury was not dismissed, additional indictments may be returned.

Six counts were contained in the indictment against Finley, five against Emory Lattanner, five against Goller, and one against Abernathy.

None of the indicted men would make any statement today. Chairman Finley declared he might issue a statement later today.

Work about the state house was almost entirely suspended when news of the indictments spread through the offices. Clerks left their desks and gathered in groups. Officials scurried to other offices to consult about raising the common defense fund.

Finley's name is coupled with that of the others in each of the six indictments. Lattanner is indicted with Finley in the five indictments as also is Goller. In the sixth indictment Finley is jointly indicted with Abernathy.

The political assessments cited in the indictments in each amount to one-half of one per cent. of an employee's salary.

The bond of Finley was signed by John L. Vance, Jr., banker, Julius F. Stone, banker; former Governor James E. Campbell; former State Senator William S. Shaffer; and Joseph H. Harper, chief of the "blue sky" department.

The bond of Superintendent Lattanner was signed by John L. Vance Jr., George W. Bright, banker; W. F. Burdell, banker; W. H. Holliday, banker; R. R. Rickley, banker; (Continued on Page 4, Col. 2.)

## Easy Game That's Fun

"I just simply can't get an answer to that picture in today's paper," said a young man in telephoning to the Advocate last night. "I wish you'd make 'em easier."

"They're dead easy," was the next message over the wire. "By using the catalogue I found an answer, to tonight's picture that just fits. It took me only a few minutes."

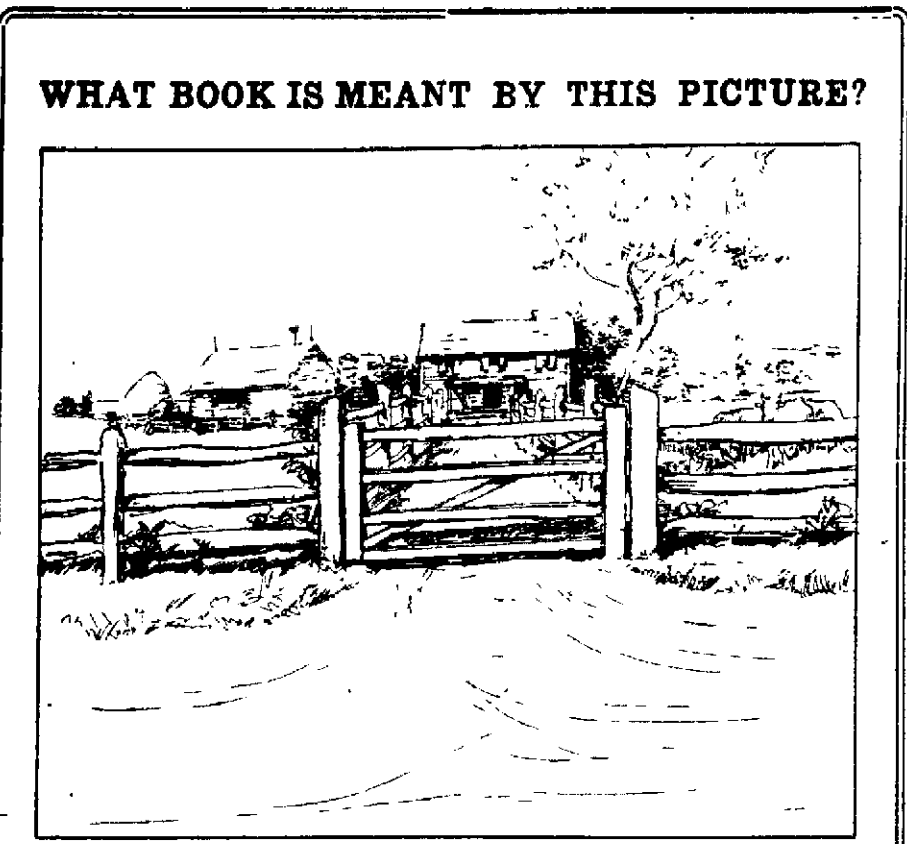

The quotations are samples and fair samples of the remarks that are made about the Advocate Booklovers' Contest pictures. To some people the pictures seem too easy, to others too hard but to those who look for the answer in the pictures and in the catalogue, those who exercise their wits, the answers will come, though perhaps not in a moment.

If a picture seems to you to have more than one answer the safe thing to do is to give it more than one answer. Each contestant is privileged to give 5 answers to each picture on separate coupons.

It begins to seem that everybody who is enjoying the contest is telling everybody else what fun it is. This accounts for the big growth the contest is having. Every day more and more people are getting into the game. Every day more and more people are coming or sending for the catalogues and are ordering complete sets of the coupons that have been printed.

It is indeed a simple matter to begin work in this contest now. Send for the back coupons and a catalogue, that's all. Keep your eye on the big list of 136 prizes every one of them worth winning.

(28) MARCH 15, 1914. (28)

Clip out your coupons neatly, and fill them out clearly and plainly, remembering that in the event of a tie for any prize between two or more contestants, neatness and clear writing will win the judges' favor. The picture is to be a part of the coupon. Do not detach the coupon from the picture.

Send no answers whatever to the Advocate until the contest is ended by the publication of Picture No. 70. Any answers received before that time will be destroyed and will not be counted. Read the rules carefully.

Rules of the Booklovers' Contest.

Any person may compete in this contest who lives either in Licking, Delaware, Knox, Coshocton, Muskingum, Perry, Fairfield or Franklin counties, Ohio, except employees of the Advocate or members of their families.

Answers to the picture must be written upon the coupon blank which will be printed every day with each picture during the seventy publication days the contest will last. Both picture and blank must be clipped from the paper, and the blank properly filled in with the name of book and the author's name together with the name and address of the contestant written clearly and plainly in the space provided. Not more than one person's name may be written on any coupon.

Each picture will represent the title of only one book, but there may be some pictures that suggest the title of several books. For the benefit of contestants, and to allow for this variety of solution, any contestant may give as many as five answers to any picture, at will; but not more than one solution may be written on any coupon. If the contestant gives two answers as likely to include the correct one, two coupons must be used; if three answers, three coupons, and so on.

In each instance, whether the contestant gives one answer or five answers to any picture, both the pictures and coupon must be used for each of the answers; and not more than five answers to any picture will be permitted.

If any one of the five answers that may be given to any picture is correct, the contestant will be credited for the correct solution and will not have the incorrect ones counted against his or her chances. Prizes will be awarded to every contestant, by the Contest Judges, who sends in the largest number of correct answers upon the smallest number of coupons. Thus, if a contestant gives the correct answers to 70 of the pictures and uses only 70 coupons, that contestant will rate higher in the prize awards than one who uses 140 coupons or any higher number up to 350 for supplying the 70 correct answers.

If two or more persons, supplying the same number of correct answers, have used the same number of coupons for their answers, the highest rating will be given to the one whose answers are most neatly prepared, in the opinion of the judges.

No contestant will be allowed to submit more than one set of answers, which must include not less than 70 or more than 350 coupons, with accompanying pictures.

Positively no solution may be sent in to the Contest Editor until every one of the seventy pictures has been printed. Answers in complete sets, as just specified above, will then be received in this office, and should be addressed to "Contest Editor" Booklovers' Contest, Advocate, Newark, Ohio. The awards will be made strictly according to the correctness of each set of answers, and the correctness shall be

**THE GREAT COUGH-CURE**

PURPOSE OF THE GROCERS' ASSOCIATION

The following taken from the Indiana Grocer is published at the request of the Grocers' Association of this city.

Among the uninitiated there seems to be a misconception of the general purpose of the Grocers' associations both local, state and national. The majority of consumers seem to think that the Grocers' associations fix the prices of food stuffs, and that they cause the high cost of living. Generally, not enough publicity is given the Grocers' association for the general public to know anything of the true meaning and objects of same. An organization among the grocers of a town not only secures many benefits for the membership, but in a like manner benefits the general public. Every retailer is likewise a consumer and purchaser of wares other than those handled by himself, purchased through some other retailer. So, it is not probable that he would permit anything in his particular organization which could in any way, work a hardship on himself, as a consumer like his customers.

To quote a recent article in The Price Current: "In the first place the association is the friend of the creditor and retailer, working hand in hand to better the condition of both. The constitutions of practically all Grocers' associations are very similar, and practically all of them read as follows: This association is formed for the purpose of uniting the retail grocers, to co-operate for the benefit of all; to abate trade abuses, to disseminate useful information, to expose fraud and adulterations, to watch and influence legislation towards the better protection of our capital; to assist our members in collecting delinquent accounts; to protect them against fraudulent customers; to acquire and hold and property which may be necessary to carry out and maintain all the objects and purposes of said association; to promote social intercourse, and to encourage members to comply with the state law by closing their places of business on Sunday and all legal holidays, to correct excessive and unmercantile competition; to remove by concerted action such evils and customs as are against good policy and sound business principles (whether it be cutting prices, selling by the wholesale houses at retail, improper house to house peddling; the distribution and consumption of adulterated and unwholesome goods; the use of fictitious labels; the use of dishonest weights and measures); to attain results which experience has proven are not attainable by individual or divided effort."

"These principles are hardly in line with the popular conception that the Grocers' association fixes the price of coffee, sugar and lard. We have been too modest and reticent with regards to the purpose of our organization. As hardly any two merchants conduct business along quite the same line, have quite the same cost of doing business, such a conclusion is absurd. Each merchant determines the selling price upon the cost of the article, plus his cost of doing business which includes location, fixtures help delivery and numerous other items.

"The credit system, notwithstanding been most active in securing legislation of benefit to all retail grocers, to consumers in the way of honest weight, honest advertising, unadulterated products and wholesome goods, etc., and to better general trade conditions.

"The Grocers' associations have brought great improvements by the local grocer associations, is generally defective. The retailer is expected to bear the burden of increased credit and no pay when times are hard. He is expected, in time of illness among his customers, to give extended credit. When death occurs the retailer is expected to give credit to groceries to the bereaved family so that the necessary funeral arrangements may be made, and he is the last one considered by them when settling accounts. By wealthy patrons, he is expected to wait for his money until they see fit to pay. In fact, to quote James H. Yingst in the Price Current, 'In poverty or wealth, in misfortune or plenty, in sickness or health, in life or death, the call is always upon this burden bearer,' the retail grocer. Only through an association has a grocer any way at all to keep tab on fraudulent customers. The majority of people seem to think that the grocer should cheerfully extend credit to all who ask it, not withstanding the manner in which his credit is abused. The forming of some kind of credit rating system is equally beneficial for the grocer's protection.

Sure Indications of Lung Trouble

Among the indications of threatened lung trouble are a continued cough, fever and night sweats. A change of all these often helps, but it seems that some thing more is needed to stop the cough, sweats and arrest the progress of disease. Eukemine Alternative, after many years of use, is known to be most effective in bringing about relief. In many cases, complete recoveries. Investigate this case. Schenck City, Mo. "I am a man with a terrible cough, night sweats and pleurisy in my lungs. A man who heard me coughing advised me to take your Alternative. I paid no attention to him then. I got so bad the doctor said I should go to Washington, and when I got there I was told to take Eukemine Alternative. I had been told me about your medicine. I began taking it with no faith what ever, but before I had taken a couple bottles, I could eat anything. I never had night sweats stopped and for some time I have been well and in better health than I ever was."

tion in extending credit and the honest credit asking customer. Taking it all in all, the forming of grocers' associations has been uniformly of great benefit to trade conditions through the country. The Ohio Retail Grocers' and Meat Dealers' Association worked for years for a sales-by-weight law, for the elimination of fraudulent advertising; for the protection of credit by collection laws; against fictitious labels and many other evils affecting its members both as customers and merchants. The Grocers' association is not alone a benefit to the retail grocers, but also serves as a protection to the consumers."

RESIGNS POSITION AT DELAWARE WITH INTERURBAN ROAD

J. C. Larson, son of Mr. and Mrs. William Larson, of West Main street, has resigned his position as manager of the Columbus, Delaware & Marion railway company in its Delaware office to become road salesman for the E. B. Dalz, Candy & Grocery company. For many years Mr. Larson has been in the electric railway business, starting in the Newark office of the Ohio Electric and being gradually promoted. From Newark he was transferred to the Columbus office and later to Delaware, where the newspapers have paid flattering comments to his personality and to the esteem in which he was held by officials and associates in the C. D. & M. company.

"Y" BOARD OF DIRECTORS MEET

The regular monthly meeting of the board of directors of the Y. M. C. A. was held at the building last night. C. Metz, president of the Association presided and matters looking to the future of the work were discussed. The reports of the standing committees showed the work to be in good condition. The finance committee reported in some bills that should be met and suggested plans for meeting these.

President Metz appointed F. M. B. Windle, Chas. Flory and C. H. Davis as a committee to select employed officers for the coming year. Their decisions subject to the approval of the board. The following were appointed to give special attention to the coming effort to get current expense aid: L. Wyeth, Chairman, C. L. Flory, C. H. Davis, O. J. Barnes, Harry Scott, S. Randolph, F. M. B. Windle and A. B. Evans.

State Secretary A. H. Lichty was present and spoke in an encouraging way on the condition of the work elsewhere in the state.

Senator Borah and G. W. Perkins in Political Controversy

Senator Borah, of Idaho, who, it is said, would walk out of the party with Colonel Roosevelt, and George W. Perkins, who did go out, have been engaged in a bitter controversy on the issue. Mr. Perkins, president of Senator Roosevelt's National Club, of that organization, had been told by Senator Borah that he was not to be a part of the party. Mr. Perkins, however, had been told by Senator Roosevelt that he was to be a part of the party. Mr. Perkins, however, had been told by Senator Roosevelt that he was to be a part of the party.

**Contest Editor's Query Column**

The Advocate will be glad to answer all legitimate questions regarding the contest through the Contest Editor's query column. Questions may be sent by mail or telephone but the answers will be printed in this column so that no contestant will have any advantage over another.

R. E.—You may use a typewriter, a pen or a pencil in filling out coupons. The judges will pass upon the neatness of the answers.

Zanesville.—The "contest experts" may be better guessers than you but you may be sure the "puzzle experts" don't know the real answers. Do your own thinking but talk to your friends about the pictures.

Geo. D.—If anybody knew the answers to the pictures he wouldn't offer to sell the list to you for a trifling sum. He would get in the contest and walk away with the capital prize himself. "Probable answers" are nothing more than "probable" answers.

D. W.—Don't send in any coupons now. Wait until the 70 pictures are printed. You will then be told what to do and how to do it.

A. C. D.—The coupons sold over counter will count just the same as those clipped from the paper. They are sold as a convenience to those who desire to submit their full quota of 5 answers to each picture and to those who did not start in the contest at an earlier date. It is as easy to enter now as at any time. Many are doing it.

W. A.—The coupons you sent in have been destroyed. Read the rules, please. To handle coupons in installments from day to day would involve too great an amount of clerical work and would be unfair to you and to others.

Telephone.—Picture No. 15 itself answers your question.

M. H., Mt. Vernon.—The questions asked will be answered soon.

Mrs. W. W. Fairbury, Ill.—The contest is confined to 8 counties in central Ohio.

E. H. P., Logan.—Your county is not in the contest territory. Several in outside counties are solving the pictures however and are enjoying it. All coupons must be sent in the name of a resident of Licking or one of the adjoining counties.

**HEALTH HINT FOR TODAY.**

An Alphabet of Health.

The editor of "The Human Body" department of the Los Angeles Times offers the following "alphabet of health":

Aim high—mentally, morally, physically.

Breathe deeply; bathe daily.

Cut loose from everything detrimental.

Drink several glasses of cold water daily.

Exercise judiciously, systematically, regularly, daily.

Fear nothing; fear is negative.

Get fresh air day and night.

Heed nature's slightest warning; heed it at once.

Indulge in sun baths.

Judiciously guard all nervous expenditure.

Keep your mouth closed when exercising and when angry.

Laugh at misfortunes—your own, not others.

Masticate your food until it nearly liquefies.

Never neglect the care of your teeth.

Overexertion in any line should be avoided.

Persistently keep a correct position of the body.

Quit worrying if you wish a long life.

Realize that all days are holy.

Sleep eight hours—when possible.

Take a daily air bath—if only for five minutes.

Use every talent that God has given you.

Violated laws of nature must be paid in full.

Waste no time in denying the evidences of the senses.

X-pect what you desire.

Your mental attitude today determines your success tomorrow.

Zealous be in every cause, but not overzealous.

**Wisdom from Washington**

Washington, March 13.—(Special)—It is almost safe to predict that President Wilson will win his contention for the repeal of the clause in the Panama canal act exempting coastwise shipping from the payment of tolls.

No man ever has been as powerful in the White House as Woodrow Wilson, and what he has accomplished in the past shows what he can do in the future. It is remarkable, but it is true, that prominent Democrats in both the senate and house declared immediately that they would reverse themselves as soon as the president delivered his address to congress.

There is a certainty in politics that is well to be considered. No man can be successful in making a fight against the president of his party. Senator Gorman, the most powerful Democrat in the senate of his time, opposed President Cleveland and went down to defeat in Maryland, where he had held autocratic sway for many years. Of course Gorman went further than any of the men who are going to oppose the president in regard to the Panama tolls. Most of them are going to differ regrettably with the president, while Gorman went out boldly and criticised Mr. Cleveland.

**A Progressive Court.**

During discussion of the bill aimed to prevent interstate shipment of convict made goods Congressman Watson of Virginia asked Congressman Sherry of Kentucky if he thought that the supreme court would ever go so far as to declare such goods outlaws of commerce.

"If I had been asked that question ten years ago I would have said no," responded Sherry, "but I am much of the opinion which Dooley gave several years ago regarding the decision of the court on the constitution following the flag in the Philippines. Dooley told Hennessy that it was evident that the supreme court follows the 'illicitness returns.' The court is not a dead thing, but a living part of our government and takes notice of conditions."

**Women in the Cabinet.**

During discussion of the woman suffrage amendment Senator Bryan of Florida used as part of his argument against suffrage a telegram sent to the president a year ago congratulating him and asking him that he select "a wise, scholarly woman as a member of your cabinet."

Senator Thomas of Colorado asked the Florida senator if he could dispute the correctness of that suggestion, and Bryan thought that a woman would not help much in the cabinet.

"Does the senator believe that a woman ought to be a member of the cabinet?" asked Bryan.

"I should be glad to see a woman in the cabinet," responded Thomas, "and the time is coming. If the senator lives the allotted period of life, when he will see it."

**One of His Kind.**

Senator Borah of Idaho was bemoaning the manner in which the rights of states are being sacrificed. "I believe I am the only state rights man left in the senate," he said mournfully. "There is scarcely one of the Democrats who does not at one time or another vote against the state rights principle."

The average man who can hear pleasure whisper a mile away can't hear duty when it shouts in his ear with a megaphone.

**On Second Thought**

Jasper Ellington believes sufficient attention has not been called to the fact that most of the criticisms of penal institutions are written by persons who have been confined in them.

"If, by any reason of flood or storm, a man's train is an hour late he thinks the government should exercise a stricter control of the public utilities.

Another fallacious theory is the one to the effect that cats catch mice.

Those who have read it are practically agreed that Mr. Taft's recently expressed opinion of Mr. Roosevelt was couched in polite language.

The rule in politics is that when a man dies in office those who aspire to succeed him must not publicly announce their candidacies until after he is buried.

Another Friday the 13th but our luck today was no worse than usual.

The calendar tells us that spring will come one week from tomorrow but spring is like some trains. It may be late.

No, gentle reader, Col. Ryan isn't a year older every time he has a birthday party. The genial colonel is unique in his advertising methods, that's all.

If you want to hit him a good hard lick simply say "He means well." That's only another way of saying his upper story is none too stout.

It is the college boy himself who arouses most of the prejudices against college education.

Buck Kilby says equal suffrage never will amount to anything until it gives a woman the right to ask a man to marry her.

When a woman leaves a man waiting at the church it is considered a great joke. But when a man leaves a woman waiting at the church he must pay her damages.

When it is said, "The people demand reform," that means some newspaper demands it.

**GRAND JURY**

(Continued from Page One.)

William A. Shaffer, Joseph H. Harper and Stacy B. Rankin, secretary of the state bankers' association.

The bond of Merle A. Goller, was signed by John L. Vance, Jr., Julius Stone, W. A. Shaffer and Joseph Harper and that of Abernathy was signed by Attorney L. F. Saler, William A. Shaffer, and Joseph H. Harper.

The men indicted will be arraigned in a few days.

Agitation of the question of whether there had been violation of the civil service law by the collection of funds for maintenance of the Democratic press bureau, started several weeks ago when Prosecutor Turner sent a letter to the state civil service commission asking that an investigation be made. This is within the authority of the commission.

Several days later the commission replied to Mr. Turner and asked him to present to the commission any evidence he had concerning solicitation of funds. In his first letter he had offered to cooperate with the commission.

He refused, however, and announced the grand jury would be called to make an investigation.

At the same time the civil service commission inaugurated an investigation. Testimony of state officials and employees called disclosed that since January 1, 1914, when the civil service law went into effect, the sum of \$1,320 had been collected from officials and employees supposedly for the press bureau. All witnesses asserted their contributions were voluntary and that no moral pressure was brought to bear on them. They declared also that they understood the press bureau was not a partisan affair, but devoted its efforts mainly to explaining new laws and throwing light on the work of state departments.

The civil service commission's investigation was postponed Monday to next week. Its members declare they expect to report no technical violation has occurred, but they recommend the practice be discontinued.

Employees of the adjutant general's department testified before the commission each made a contribution of one-half of one per cent. of their yearly salaries. This was suggested by Assistant Adjutant General E. M. Peoples, according to testimony offered.

Attorney General T. S. Hoxan assisted Prosecutor Turner in the grand jury investigation.

Among the principal state officials who testified before the grand jury are Treasurer John P. Brennan, chief building inspector Thomas P. Kearns, and C. C. Marshall, members of the public utilities commission.

Mr. Brennan, Adjutant General George H. Wood, Emory W. Lattanner, superintendent of banks, and A. V. Abernathy, secretary of the tax commission, were among those who testified in the civil service commission's inquiry.

The Democratic press bureau maintains office in the headquarters of William L. Finley, Democratic state chairman. Testimony offered the civil service commission showed Fred J. Heer, treasurer of the state Democratic executive committee had given receipts for contributions to the press bureau fund.

The civil service commission expects to continue its inquiry next week, to determine precisely how the funds collected for the press bureau were spent. Opponents of the administration have charged the press bureau is merely a "decoy" to attract contributions, and that actually they went into the till of the Democratic organization to be used later for campaign expenses.

## QUICK AND SURE STOMACH DOCTOR

"Pape's Diapiesin" ends indigestion, gas, sourness and stomach misery in five minutes.

Time it. Pape's Diapiesin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

OF HORSEHAIR LACE.

This hat is made of net lace intermingled with a fancy braid of horsehair. A single ribbon band and two bows emphasize the tilt to the side.

## HOW TO KEEP WELL IN WINTER

Do not let your blood get thin this winter. For people who have a tendency toward anemia, or bloodlessness, winter is a trying season. Lack of exercise and fresh air, the more restricted diet, many things combine to lower the tone of the body and deplete the blood.

As soon as you notice the tired feeling, lack of appetite and shortness of breath, that are warning symptoms of thin blood, take a short treatment with Dr. Williams' Pink Pills. Do not wait until the color has entirely left your cheeks, until your lips are white, your eyes dull and your ears like mother of pearl. It is so much easier to correct thinning of the blood in the earlier stages than later.

Dr. Williams' Pink Pills build up the blood and strengthen the nerves. In this way the general health is improved, the appetite increases, the digestion is strengthened and new ambition and energy developed. Work becomes easier because it does not cause exhaustion.

Keep your system at its highest efficiency with Dr. Williams' Pink Pills, the great blood builder and nerve tonic. Your own druggist can supply you. A booklet "Building Up the Blood" will be mailed free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. It is well worth studying by all who do not enjoy complete health.

The storm is increasing in violence today and a number of large vessels put to sea to avoid being smashed against the jetties.

## ART EXHIBIT AT PATASKALA FOR JUNIORS

Pataskala, O., March 13.—An art exhibit, for the benefit of the junior class in the Pataskala High school, is being held this week.

Chancellor George H. Bradford of Oklahoma, delivered the closing number of the Pataskala lecture course, Thursday night. His subject was "Sundered Manhood," and he speaks under direction of the Redpath bureau.

The Buckeye Lake Breeze of Hebron, is not blowing this week, says the Pataskala Standard, owing to a scarlet fever quarantine at the home of Editor Belt.

Charles Roshon, R. P. Boen and Elton Algeo have purchased the H. D. Ashbrook milling business and equipment in Pataskala, and B. D. Fraker has purchased the H. Smith grocery and will add a line of furnishings to the stock. H. J. Hughes has sold his blacksmith shop to Clint Baird.

Rev. J. B. Williamson, new pastor of the Pataskala Presbyterian church, preached his first sermon as pastor there last Sunday, and he and his family soon will occupy the remodeled manse.

## HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—your tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box.

Take one or two nightly and note the pleasing results. The Olive Tablet Company, Columbus, Ohio. All druggists.

## CLOSING OF SIEGEL STORES THROWS 2,100 OUT OF EMPLOYMENT

New York, March 13.—The Fourteenth street store and the Simpson Crawford company store, the management of which has resulted in the indictment of Henry Siegel and Frank E. Vogel, charging violation of the state banking laws and grand larceny are to be closed tomorrow night by order of Judge Hough of the Federal court.

After an inventory has been taken the stock and fixtures of the two stores and the equipment of the Merchants Express company are to be sold on March 24, for the benefit of creditors.

With the closing of the two stores, which are among the largest in New York, about 2,100 clerks and other employees will be thrown out of work, many of whom are said to have deposited their savings in the Siegel bank, so they will be without funds until they find other employment. These employees were considered by the court yesterday before the closing order was signed. Judge Hough was assured by William A. Marble, counsel for the store managers under the receivership that clerks were in demand by other department stores and that practically all of the 2,100 persons would not be long without work.

## NEW CIGAR FACTORY BEGINS OPERATIONS IN EAST MAIN ST.

A new cigar manufacturing plant has just been opened at 310 East Main street and the firm will be known as Sharp & Oxley. Mr. Oxley is well known in East Newark and is the owner of the building where the plant is located. Mr. Sharp comes to Newark from New Philadelphia, where he has been engaged in the cigar business in that city. Employment is being given at present to about 20 cigar makers.

Mr. S. S. Wilt, who formerly occupied the building with a general store, has moved to 314 East Main street in the new Sharp building.

## DETECTIVES HAVE LOCATED PART OF STOLEN JEWELRY

[ASSOCIATED PRESS TELEGRAM]  
New York, March 13.—About \$65,000 of the \$250,000 in jewelry stolen from John H. Hanan at Narragansett Pier last July has been found in Amsterdam and Paris, according to announcement published here today. Private detectives here and abroad now fix the robbery on a band of international thieves, including a woman, whose appearance enables her to mingle in society and locate collections of jewelry.

The same band probably had a hand in the \$75,000 robbery of Mrs. Chas. Cary Runney (Miss Mary Harriman) and in other notable thefts.

## LEAGUE SUSTAINS PRESIDENT WILSON

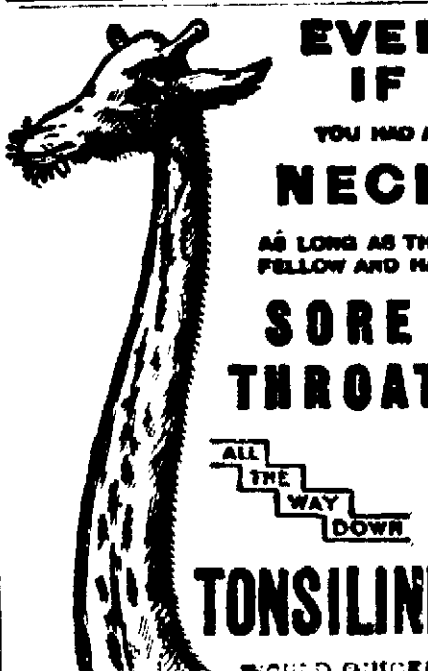

[ASSOCIATED PRESS TELEGRAM]  
New York, March 13.—The American peace and arbitration league, a society of which Woodrow Wilson is honorary president, will hold a public meeting here on Sunday evening. The purpose will be primarily to sustain President Wilson in his efforts to bring about and to maintain a universal peace.

Secretary of War Garrison and Secretary of the Navy Daniels have been invited and will probably attend.

## Chairman of Child Labor Conference

Owen R. Lovejoy is the chairman of the National Child Labor Committee, holding its tenth annual conference in New Orleans March 15-18. Members of many organizations interested in the subject have been invited and it is expected that the conference will be one of the most interesting. Plans for the passage of many laws in the state legislature will be offered.

# How to Overcome a Bad Constipation

There is a Mild Laxative That Will Bring Safe and Pleasant Relief Over Night.

It is only natural that the simplest of ailments should be the most general, and so we have a whole nation suffering from constipation and indigestion, for they are closely allied. But common as constipation is many people do not seem to know they have it. They will complain of headache, drowsiness or biliousness, all unconscious of the cause of the trouble.

You should have a full and free movement at least once a day. If you pass a day you are constipated, and the result will be that you will catch a cold easily or have a more serious ailment. To cure the constipation and forestall still graver trouble take a dose of Dr. Caldwell's Syrup Pepsin at night before retiring and by morning relief will come, without disturbance from sleep or any inconvenience.

Legions of people use it regularly in such emergencies, some of them formerly chronic invalids who had suffered from constipation all their lives. Mrs. N. Frantz, 47 Eighth St., Salem, Ohio, took physics for years, and worst of all, without much avail. Finally she began to take Dr. Caldwell's Syrup Pepsin and today she is no longer troubled and eats what she likes. Many others will tell you that they have tried most things recommended for this purpose but have found Syrup Pepsin the only one always reliable. A bottle can be obtained at any drug

MRS. N. FRANTZ.

store for fifty cents or one dollar, the latter size being bought by families already familiar with its merits.

Syrup Pepsin is mild, pleasant-tasting and non-gripping. Mothers give it to tiny infants, and yet it is effective in grownups. It is for everyone who suffers from any form of stomach, liver or bowel trouble, constipation, dyspepsia, biliousness, etc. Its action will so delight you that you will forever avoid harsh cathartics, purgatives, pills and salts.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 110 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

## COSHOCTON TIMES TAKES OVER AGE; MR. MEEK RETIRES

The three-cornered newspaper fight which has been on in Coshocton for the past few years will come to a close Saturday, when a new corporation, capitalized at \$20,000, with controlling interest held by the proprietors of the Coshocton Daily Times will take over the plant and equipment of the Coshocton Daily Age.

The Age will be discontinued, with the issue of the date of consolidation, while the Daily Times will continue as the official organ of Coshocton county Democracy. The Morning Tribune is the only other daily in the field.

Mr. J. F. Meek, who has been editor for the past sixteen months and one of the owners of the Age, has sold his holdings to the Times and will retire.

Today We Celebrated

Among astrologers the thirteenth day of March has for centuries been considered very unfortunate, and the "hoodoo" is held to be doubly dangerous when the thirteenth is coupled with a Friday, as it is today. Those who look to the sky for light on human destiny declare that an infant could scarcely choose a less fortunate day to be born on than the thirteenth of March, and they also ascribe to the date a malevolent influence on affairs of the heart. A child who arrives in the world today is doomed, say these soothsayers, to a life of misery and misfortune. Women are warned to avoid the opposite sex on the thirteenth of March, and men are advised to leave the ladies strictly alone. So much for old wives' tales and superstitions.

On the sea, where any "jinx" is particularly to be feared, the record of the thirteenth of March is not a happy one. On that date in 1800 the Queen Charlotte, an English ship-of-war, sailed on her last voyage, which ended four days later in the harbor of Leghorn, where the vessel was burned and more than 700 British seamen out of a crew of 850 perished in the flames or by drowning. The President, a liner from New York to Liverpool, was lost on March 12, 1841, and all on board were drowned. The passengers included Fyrene Power, the famous actor, and a son of the Duke of Richmond. On March 13, 1783, the Count Belgojoso, an Indian, was wrecked off Dublin Bay, with a loss of 147 lives.

It was on March 12, 1881, that the Czar Alexander of Russia was assassinated in the streets of St. Petersburg. He had been driving with his brother in a carriage when an explosion behind the vehicle wounded the horses and killed an innocent bystander. The Emperor was uninjured, and a soldier, captured the assassin. The Czar turned to walk to the palace, but had gone but a short distance when a young man threw a bomb at his feet. The infernal machine injured the monarch so severely that he died three hours later.

An explosion of quite a different character occurred thirty years ago today, when 120 miners lost their lives in a coal pit disaster at Pechonhas, W. Va. Anarchists celebrate today the anniversary of the "martyrdom" of Orsini and Pietri, who were guillotined on March 12, 1858, for the attempted assassination of Napoleon III. Austrians recall the "bloody thirteenth of March" in 1848, when an insurrection broke out in Vienna, forcing the Emperor and Prince Metternich to fly for safety.

The first and only impeachment trial of a President of the United States began forty-six years ago today, when Andrew Johnson was charged with a high misdemeanor. The trial dragged on through weary months, and at the end thirty-five solemn senators rose and answered "Guilty" as the expression of their opinion, while nineteen voted "Not Guilty." The President was saved by a single vote.

Yet there are happier events recorded in the history of the thirteenth of March. Alaska was ceded to the United States by Russia in 1867, the planet "Venus" was discovered by William Herschel in 1781, the Philippines were discovered by Magellan in 1521, and the Duke of Cornwall, now Governor-General of Canada and Princess Louise Margaret of Prussia were married in 1879. The long and happy married life of Queen Victoria's son and Prince Frederick, Charles's daughter affords sufficient disproof of the superstition that the thirteenth of March is unfortunate for its affairs.

When a man looks down on his life we can't help hoping he will go dry and fall off.

A slip of the tongue will sometimes do more damage than a slip on the ice.

## Factory Fund Trustees By Strong Legal Contract Bound to Board of Trade

The plan announced by the Newark Board of Trade for its plan of developing the industrial and commercial interests of the city has been not only discussed but very generally endorsed. The announcement that the one great object to be attained for this purpose of development, was the securing of new industries, has met with universal approval, and the plan to raise a factory fund to be used to this end is being given hearty sanction in every quarter.

This is evidenced on all sides by written endorsements of organized bodies, and more concretely by voluntary subscriptions sent in for membership to the Secretary of the Board.

The manner of collecting the factory fund its sole purpose of existence, and the methods of placing every safeguard about it, and giving the subscriber every guarantee of its honesty of administration by five trustees is best given in the words of the constitution, and the resolution creating the trusteeship.

The constitution says: "No funds raised for the purpose of securing plants and industries shall be used for any other purpose, and current expenses shall be paid out of dues for membership, or from funds raised especially for that purpose."

This is plain and absolute, and the resolution creating the Board of Trustees and defining its duties is equally unequivocal reading as follows:

Resolution Creating Board of Trustees. Be it resolved by the Board of Directors of the Newark Board of Trade, That a Board of Trustees of five citizens of Newark, who are not to be members of the Board of Directors of the Newark Board of Trade, be appointed by a majority vote of the Board of Directors of the Newark Board of Trade whose duties shall be to enter into a contract with the Board of Directors of the Newark Board of Trade, said contract to define the duties and obligations of said Board of Trustees in the management of the money to be raised and subscribed during the year 1914 for the fund and to be designated as the 1914 Factory Fund. All vacancies on said Board of Trustees to be filled by Board of Directors. Trustees shall hold office during the existence of the Factory Fund.

"In a general way said contract is to provide that said Board of Trustees shall with the assistance of the Secretary of the Board of Trade keep an accurate account of all moneys raised by reason of said subscriptions to said Fund.

"Said Board of Trustees, shall see that said money is properly invested in times when not needed for

the purpose for which it was subscribed, and shall add any profits arising therefrom to the principal. "The Board of Trustees shall thoroughly investigate any purpose for which it is intended to use any of such money and need not draw an order for same unless it is in accordance with the purposes for which said Fund is raised. "None of said money so contributed to said Fund is to be used except for loan or donations for the purpose of Factory Development. "No money contributed to said 1914 Factory Fund is to be withdrawn from deposit except by the Secretary of the Board of Trade on a majority vote of its Board of Directors, ratified by a majority vote of the Board of Trustees."

### First Things

The first white man to set foot on the soil of the Philippine isles was Ferdinand Magellan, who discovered Mactan, one of the islands of the group, 393 years ago today, March 15, 1521. The great Portuguese navigator, who discovered and passed the straits which have since been called by his name and who was first to circumnavigate the globe, was slain in a skirmish with the aboriginals of Mactan on April 27th. After Magellan's visit and death the Philippines were left alone until 1565, when the Spanish authorities decided to take possession of the islands, and sent out a fleet from Mexico, which first stopped at the island of Zebu, and subdued it. In 1570 a settlement was effected at the mouth of the Manila river, and Manila became the capital and eventually a great mart of Spanish commerce. The Spanish flag remained over the city until 1762, when it was taken by the English, who abandoned it when the archbishop engaged to pay a ransom of a million pounds sterling—which sum, however, was never wholly paid. Spanish rule, thus restored, continued until the United States took possession of the islands.

## PUTS AN END TO BACKACHE MAKES WEAK KIDNEYS STRONG

A Few Doses Give Relief, Help Lifeless Organs Regain Health, Strength and Activity

It is useless, dangerous, and unnecessary to be tortured with the digging, twisting pains of backache and rheumatism, or suffer with disagreeable kidney and bladder disorders any longer.

The new discovery, Croxone, provides a remedy which every sufferer can now depend upon to promptly and surely relieve all such misery and bring about a speedy cure.

Croxone cures these troubles because it quickly overcomes the very cause of the disease. It soaks right into the stopped up, inactive kidneys, through the membranes and linings, cleans out the little filtering glands, neutralizes and dissolves the poisonous uric acid and makes the kidneys

filter and sift from the blood all the waste and poisonous matter that clog the system and cause such troubles.

It does not matter whether you have but slight symptoms or the most chronic, aggravated case of kidney, bladder trouble, or rheumatism that it is possible to imagine, for the very principle of Croxone is such that it is practically impossible to take it into the human system without results.

You will find it different from all other remedies. There is nothing else on earth like it. It starts to work the minute you take it, and releases you the first time you use it, and all the misery and suffering that go with such troubles end.

You can secure an original package of Croxone from any first class druggist. All druggists are authorized to personally return the purchase price if it fails to give the desired results the very first time you use it.

## SPEECHES ARE MADE TO THE HOME PEOPLE

By ARTHUR W. DUNN.

Washington, March 13.—[Special.]—Visitors to Washington marvel that so few men in either the senate or house listen to what is being said. The percentage of nonattendance is larger in the house than in the senate because the membership is larger, but many a day the senators talk on the most important subjects with only a half dozen fellow senators in the chamber, and most of them saying little or no attention to what is being said.

For the most part, the speeches made in congress are not made in the way of argument. I doubt whether any man has been influenced one way, although I did hear that two or three senators were influenced on election cases by the arguments of men who had investigated them. For the most part, however, the speeches have no effect whatever upon the men to whom they are supposed to be addressed.

Talking to Constituents.  
"I have got to make a speech on this subject," a senator told me not long since. "I am going to vote against the measure and I must explain why I do so." Now, he was not explaining to the senate, for he did not care much what the senate thought of his position, but he was making a speech to explain to his constituents why he opposed what a large number of them wanted.

"I am talking to the galleries, I see," said Senator Sherman of Illinois, who was discussing presidential primaries and no one in the senate was listening to him. "Yes, I am talking to the galleries, and I hope they will take what I say home with them and tell their friends in every part of the country."

For "home consumption" is the reason for most of the talk that is heard in congress. I do not include in this the discussion of appropriation bills, which sometimes gets right down to arguments on whether or not congress should do one thing or another.

What is Our Vote?

In connection with the nonattendance of members of the senate and house it is an interesting fact that amendments are lost and sometimes measures are voted up and down simply by the "whips" or the trusted employee who stands at the door of the chamber when a vote is being taken. For instance, a bill of some importance is pending in the house. It is a bill reported by a committee the majority of whom are Democrats, and it is presumed to be a Democratic bill. At some stage, we will say, a Republican will offer an amendment and the yeas and nays are called. The bells jingle all over the capitol and in the house office building, and members rush over to vote. The Republicans pass in their door and seek either the minority leader or minority whip or the Republican employee.

"Our vote is 'Yes,'" they are told as they pass by, and that settles it. The Democrats pass by their man, and he says, "Our vote is 'No,'" and that settles it for most of them.

This sort of thing happens on a great many important measures in the course of a session because the nonattendance of the members prevents them from knowing exactly what they are voting upon, and they feel safe if they have voted with their respective parties.

They Suspected as Much.

The women who have been urging the suffrage amendment in congress have been at considerable loss to understand why the southern men were so fearful that federal action might result in permitting negro women of the south to vote. The women felt that the southern states would take care of that matter just as they have taken care of the privilege of negro men under the fifteenth amendment. Senator Vardaman of Mississippi seems to have explained the situation.

"The negro man," he said, "is much

## O Corn-Less Joy! "GETS-IT" for Corns

Nothing in the World Can Beat It for Corns and Calluses.

Now try the different way, the new way, the absolutely sure way, the painless way of getting rid of those corns that have bothered the life and soul out of you for such a long time.

"I Feel Like Huckleberry Finn. My Corns Are Gone. At Last, 'GETS-IT' DID IT."

Drop everything else and use "GETS-IT." A few drops applied in a few seconds does the work. It dissolves the corn, softens the scales that make corns stand up like popovers. It makes corns disappear and does it all done for "GETS-IT." It is on a new principle, makes corns shrivel, vanish. It can't stick to the skin, or hurt the flesh. "GETS-IT" is sold by all druggists. A bottle, or sent directly to Lawrence & Co., Chicago.

more easily absorbed, less irritating and more effective than the mercury ointment. Verily, the female of the species is more deadly than the male in this instance."

Same Old Fight.

In these days the descendants of the Choctaws, Chickasaws and Cherokees and other tribes of Indians who remained behind and did not go to the Indian Territory when the United States government moved the Indians there are constantly regretting that their ancestors wanted to stay in the old home. And congress must have regretted it ever since, because a fight comes up every year when there is an Indian appropriation bill. The tribes who went to Indian Territory are all in affluent circumstances, but the Indians who stayed in the old homes are in a serious condition. Those who remained at home are constantly fighting to get on the rolls with those more fortunate Indians in Oklahoma.

## UNITED STATES LEADING WORLD BUYING SUGAR

Associated Press Telegram.

Washington, March 13.—The United States leads the world in the importation of sugar, according to a report issued today by the department of agriculture. The grand total of imports in 1912 was 3,022,187 short tons compared with 2,797,514 short tons in 1911. Of this amount 50.3 per cent, came from Cuba.

The figures show a steady increase in the consumption of sugar in the United States during the past thirty odd years. It increased from an average of 2,500,000,000 pounds in 1881-85 to practically 7,000,000,000 pounds in 1901-1910, and in the fiscal year 1912, to a total of 7,900,000,000. The average annual consumption, which in the fiscal years 1881-85 was 45 pounds per capita, was more than 73 pounds in 1906-10.

Those who attended the musical entertainment at the school house Friday evening were pleased with the program.

Master Eugene Evans is out of school on account of having the mumps. Hayes Hankinson, spent Thursday evening at the home of his uncle Joshua Hankinson. A few from this place attended the high school entertainment at Granville, Friday evening.

Mrs. Bertha Hankinson called at the homes of Mrs. Samuel Sipes and Mrs. Hiram Williams Friday afternoon.

Mrs. Henry Williams has been confined to the home for the past two weeks with grip.

Mr. William Fleming Sr. took dinner at the home of Mr. Alex. Carls Sunday.

Mrs. Samuel Sipes and children spent Sunday at the home of her brother, Mr. Archie Hankinson.

As Rev. Harveys at Steubenville church last Sunday, no services were held here. But he is expected to fill the pulpit here next Sunday morning at the usual time.

Good foods come in small packages, quoted the Wise Guy. "Yes, but the milk of human kindness isn't condensed milk," added the Simple Mug.

We never get much comfort from the thought that the devil has a warm spot in his heart for us.

### Listing Personal Property.

(Ohio State Journal.)

In his speech at Canton, Governor Cox referred to a man who returned \$500,000 of personal property this year that had never been returned before. Why? Because under the Warnes law, an assessment had been made by an appointed and not by an elected assessor. For years the elected assessor had passed him by; and other and poorer people had been paying the taxes to keep the government, while the rich man paid nothing. Talk about equality of mankind! Why, this old system of assessment knocked it silly, and it not only served equality this way, but it gave religion a black eye.

The new law regarding assessment is changing this abuse. From all over the state come reports of increased duplicates. Millions of dollars are being added to the taxation lists. There is more than a question of money in this change. The chief thing is the establishment of honesty, justice and equality, which are the cornerstones of a real republic. To stand by these purposes is the duty of every citizen, regardless of politics. Let the good work go on. Let the assessor approach his duty kindly, candidly and fearlessly, for he is engaged in a great public duty.

There can be no question, but that the listing of personal property involves a great moral issue: as was said yesterday, by district assessor, "if the oath attached to a personal tax notice ever loses its restraining influence where property is an issue, might it not also lose its restraining influence where life and liberty are issues?"

Sympathy costs nothing, but that is no reason why it should be wasted.

Our success always speaks for itself, but our failures demand an apology.

## LICKING LAUNDRY IS PURCHASED BY COSHOCTON PEOPLE

Announcement has been made of the recent sale of the Licking Laundry and Dry Cleaning company of this city to Mr. J. R. Speck and Mr. T. O. Speck of Coshocton. The purchase was made on Wednesday and the new owners will take possession Monday.

The Licking Laundry here has been managed by Mr. J. W. Frazier, who was part owner with Mr. Al Rao of the Eclipse Laundry of Zanesville and several other stock holders. Until recently the Messrs. Speck have been associated in the management of the Eureka Laundry in Coshocton and in a statement made by them they were looking for a greater business opportunity, in the Newark business, owing to the combination of the laundry and dry cleaning plant. The sum of \$50,000 was involved in the consummation of the deal. The new owners have announced no change in the personnel of the employees, either in the plant on Jefferson street or the office in West Church street. It is with regret that the many friends and patrons of the Licking Laundry learn of Mr. Frazier severing his connection with the firm. He has not announced his plan for the future.

## THE WESTINGHOUSE BUSINESS INTERESTS WILL BE CONTINUED

(ASSOCIATED PRESS TELEGRAM)

New York, March 13.—George Westinghouse, the famous engineer and inventor who died here yesterday of heart disease, provided in his will for the continuation of his large business interests under a trusteeship. It was officially stated today that his death will not cause any change of policy or operation in connection with any of the Westinghouse industries. A plan which long ago he carefully thought out for their continuance and direction goes immediately into effect. The men chosen to carry out this work are his brother, Henry Herman Westinghouse, who is president of the American Brake company and vice president and general manager of the Westinghouse Airbrake company; Charles A. Terry, vice president of the Westinghouse Electric & Manufacturing company; W. D. Undergraff, director of the Westinghouse Airbrake company. To this trusteeship will go the voting power in all the corporations in which George Westinghouse was interested here and abroad. The individual wealth and holdings of Mr. Westinghouse have been estimated at more than \$50,000,000.

Mr. Westinghouse, who was in his sixty-eighth year will be buried Saturday at Woodlawn cemetery, this city.

**WORK ON UNIVERSITY BUILDINGS PROGRESSING**

Building operations at Ohio State University have made unusual progress this winter due to favorable weather. The new botany and zoology building is already under roof and work will now proceed rapidly, regardless of weather conditions. The first story of the new horticulture and forestry building has been raised and with conditions favorable, contractors expect to have this building ready by the opening of another school year. This structure is of the same architecture as Townsend Hall which was one of the first of the large buildings erected for agricultural purposes in the country. The Ohio Archeological and Historical Society has occupied their new building which is located at the university entrance. With the opening of the new horticultural building next fall, this department will install some valuable new courses. The work will be established in bureaus consisting of landscape gardening, pomology, floriculture and vegetable gardening. "With the much improved equipment this will enable us to systematize our work to the greatest detail and thus be able to serve the farmers of Ohio more effectively," says Prof. Wendell Paddock, in speaking of the plans. Last semester 325 students were registered in the horticultural department which was more than a 20 per cent increase over the enrollment of last year. Six women are taking work in horticulture.

## FRUIT LAXATIVE FOR SICK CHILD

"California Syrup of Figs" can't harm tender stomach, liver and bowels—Children love it.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

## EXPORT TRADE OF UNITED STATES IS FAST INCREASING

(ASSOCIATED PRESS TELEGRAM)

Washington, March 13.—The export trade of the United States during the past ten years from 1903 to 1913 increased by approximately one billion dollars, whereas in the preceding thirty years, 1873 to 1903 it increased only \$917,000,000 according to the bureau of foreign and domestic commerce today.

Comparing the 1913 figures with those ten years earlier it is shown that raw cotton maintained its leading position in the list of exports, having gained \$196,000,000 or 52 per cent; while breadstuffs fell from second position in 1903 to third in 1913, and meat and dairy products from third to fourth place, these groups having been passed by iron and steel which gained \$195,000,000 or about 200 per cent, machinery and engines being the largest factors.

(ASSOCIATED PRESS TELEGRAM)

Mayville, N. Y., March 13.—Edward Beardsley, the Summerdale outlaw farmer charged with assault on J. W. Putnam, county overseer of the poor of Chautauque county, was found "guilty as charged". The jury was out six minutes. Beardsley shot the officer when the latter entered his home to remove his children from their squalid surroundings. He then barricaded himself and defied the authorities for eight days. Beardsley was sentenced to serve not more than nine years and six months in Auburn prison.

## \$15.00 CONCRETE LAWN BENCH

### FROM WYETH-SCOTT COMPANY

### BOOKLOVERS' CONTEST PRIZE

This concrete lawn bench made in the Wyeth-Scott factory is truly a piece of art. The length of seat is 66 inches and width 18 inches. It is made of the best selected materials and by men experienced in this class of work. These benches have just recently been put on the market, having previously been made to order for a large estate in Cincinnati. This is a fine prize in the Booklovers' Contest and is given absolutely free to the person winning it. These benches may be bought of the Wyeth-Scott Co. at \$15.00 each. This company has been manufacturing concrete stone products in Newark for several years. Since there is no cut to show the Lawn Bench we are showing a cut of granite taken in the Wyeth-Scott Co's yard. These tiles are a fine product and are carried in stock. They will not break in handling, nor crush or crumble in the dirt—they are of the highest quality and as a bonus in price. If you are a farmer and win the bench prize, should you prefer tile, the Wyeth-Scott company will substitute in its stead, \$15.00 worth of the highest quality and as a bonus in price. This company manufactures this profitable amusement game.

## RITCHIE HAS A SHADE OVER FORMER CHAMP

(ASSOCIATED PRESS TELEGRAM)

Milwaukee, Wis., March 13.—Willie Ritchie, lightweight champion of the world, earned a shade over Ad Wolgast, former champion, in their 10-round bout here last night.

The champion outboxed the Michigan boy in five rounds and in the seventh had Wolgast backing away from his punches. Wolgast sank to one knee when Ritchie landed a shower of blows on his stomach and took the count of four. He later rushed at the champion, but Ritchie danced away from him.

Twice during the bout Wolgast was warned by Referee Stout for his rough work in the clinches. In the eighth and ninth rounds Ritchie clearly outboxed the former champion.

Wolgast rushed at Ritchie at the opening of the tenth and sent his right and left to Ritchie's face and body, but the coast boy did not give ground and met Wolgast with right and left jabs to the jaw. Both boys were fighting fiercely when the bell rang.

Wolgast was fouled in the seventh when the champion delivered a hard blow to the Michigan boy's groin according to a statement of Dr. C. A. Morter, a member of the state boxing commission, after Wolgast went to his dressing room and underwent an examination.

It was in the seventh season that Wolgast fell on one knee with a painful look, taking the count of four.

As it is against the Wisconsin law to render a decision, the result can only be decided by the newspaper writers. Two Milwaukee newspapers this morning called the contest a draw, while all the sporting writers of Chicago morning newspapers with one exception gave Ritchie a shade. The single Chicago paper called it a draw.

The huge auditorium, which has a seating capacity of 10,000 persons was packed to capacity. Receipts of the ten-round bout between Ritchie and Wolgast amounted to \$39,805, according to a statement today by Manning Vaughn, secretary of the Wisconsin state boxing commission.

Forty per cent. of this amount, or \$15,922, went to Ritchie. Wolgast received \$11,941, thirty per cent., and the promoters divided \$9,952, Vaughn said. The commission received \$1,990. The contract for the fight provided that Ritchie could receive forty per cent. of the receipts and Wolgast 30 per cent. or that Wolgast could receive 70 per cent. of the total receipts out of which he would have to pay Ritchie \$10,000. The champion chose the 40 per cent.

### FRECKLES

February and March Worst Month For This Trouble—How to Remove Easily.

There's a reason why nearly everybody freckles in February and March, but happily there is also a remedy for these ugly blemishes, and no one need stay freckled.

Simply get an ounce of othine, double strength, from your druggist and apply a little of it night and morning, and in a few days you should see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they will stay all summer, and spoil an otherwise beautiful complexion. Your money back if othine fails.

### SECOND FOREIGN INVASION BY THE BASEBALL PLAYERS

(ASSOCIATED PRESS TELEGRAM)

Chicago, March 13.—Many of the basketball players who accompanied the New York Giants and the Chicago White Sox on their tour of the world, probably will make another foreign invasion at the conclusion of the coming baseball season, according to announcement today by Ted Sullivan, who managed the world tour just ended.

Plans under consideration provide for a short trip to Europe to give baseball exhibitions in cities where rain prevented games during the recent tour. The cities where games may be played are Paris, Berlin, Dublin and Glasgow. Sullivan said he probably will go to Europe in June to close dates for the games. Under present plans, the Giant-White Sox teams will sail from New York about October 15 and

will return to the United States about a month later. Two games will be played in each city. After the European trip, Sullivan and John McGraw, manager of the New York Giants, plan to take the teams to South America for a series of exhibition games. The return from this trip will be made through the Panama canal and the final games will be played in California. Tentative arrangements for the trip already are being made, it was announced.

### TRY THIS IF YOU HAVE DANDRUFF

Or Are Bothered With Falling Hair or Itching Scalp.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

If you want to keep your hair looking rich, do by all means get rid of dandruff, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

### \$5.00 CLEANING AND PRESSING CONTEST PRIZE

What would you think if you received as a prize in the Advocate Booklovers' contest an order for \$5.00 worth of cleaning and pressing at Callander's Dye Works?

This is exactly what will happen if you win prize No. 97. The Advocate has purchased of the Callander's Dye Works at 51 North Fourth street an order for \$5.00 worth of cleaning and pressing, so look over your garments and have them in readiness.

The Callander's Dye Works was established in this city nine years ago just across from the present location. To judge of the business built up during this time—Mr. Callander commenced by delivering on a bicycle—today two automobiles are kept busy from morning till night collecting and delivering work.

Eight persons are constantly employed and ten during the busy season. The cleaning plant is located at the rear of the City Electric Light Plant and the use of gasoline is safeguarded in every way—all of it being handled underground. The most modern methods are used in all the various processes of the work. The entire building at 51 North Fourth street is utilized in the various departments and exceptionally fine work is turned out—specializing on the cleaning and pressing.

Every member of the family can use the \$5.00 order for cleaning and pressing—so they will all be glad to be the recipients of this practical and welcome prize with the Advocate Booklovers' contest.

### DIRECTORS TO WIND UP AFFAIRS OF THE U. S. EXPRESS CO.

New York, March 13.—The directors of the United States Express Company met here today to make official decision as to the future of the company. It was expected that the meeting would complete the plans already made for winding up the company's affairs. The liquidating committee, as agreed upon early in the day, consisted of Charles A. Peabody, president of the Mutual Life Insurance Company and a representative and adviser of the Harriman interests; William A. Read, W. A. Harriman, Eugene Delano and Haley Fisk.

The late E. H. Harriman bought more than 22,000 shares of United States Express Company stock from the Adams and American express companies, and his estate held about half of the total issue of 100,000 shares.

Mrs. Perkins Finds Swift Relief After First Dose of Mayr's Remedy.

Mrs. W. E. Perkins of Point Place, R. R. No. 7, Toledo, suffered for a long time from stomach troubles. She felt bad most of the time and she could hardly ever find anything to eat that would agree with her.

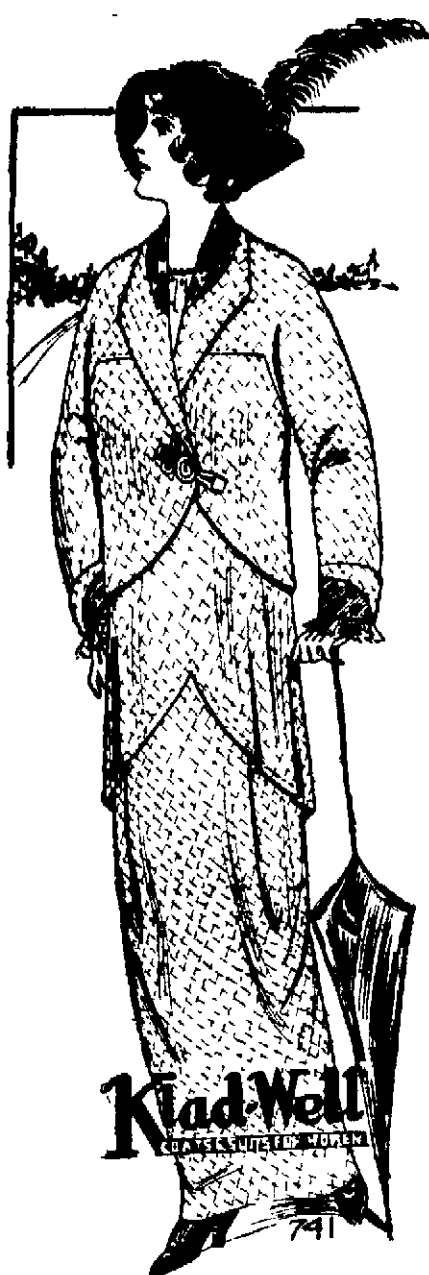

She took Mayr's Wonderful Stomach Remedy and was surprised at the sudden restoration that followed. She wrote: "I have been taking your remedy and it has done me so much good and I am so much better that I am eating most any and every thing that I used to years ago before I knew what stomach trouble was. I am thankful that I heard of your wonderful medicine."

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucus, acid secretions and removes poisonous matter. It brings quick relief to sufferers from stomach, liver and bowel troubles. Many declare it has saved them from dangerous operations and many are sure it has saved their lives.

Because of the wonderful success of this remedy, there are many imitations, so be cautious. Be sure it's MAYR'S. Go to H. G. Marshall, 318 East Main street, drug store, and ask about the remarkable results it has been accomplishing in cases they know about or send to Geo. H. Mayr, M.D., Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful results.

# Are You Preparing For Easter

It's time. The middle of March with Easter only a few weeks away makes the suit department the center of activity. Every woman knows it is not too much time. The last week before Easter is a poor time to look for the lines you want on Easter Sunday. Many sizes are gone and it takes from two to three weeks to get a special order. So listen now, and by taking time you will get paid in full satisfaction. It's a pleasure to buy now because you can come now and if you don't see exactly what you want you know you have time to come again. The new suits and coats must be seen to be appreciated.

## FINAL STANDING IN INTERCLASS CHAMPIONSHIP

Granville, March 13.—The final standing in the interclass and interfraternity leagues at Denison is now practically definitely decided. Honors in the interclass league have been won by the Seniors, while the Betas carried off the decision in the Greek combination. Neither one of the victorious teams met with a defeat.

Class championships are generally won by the Freshmen and it is something unusual for the first year men to be surpassed by upperclass teams. The first year quintet is permitted to select their team at large just so they chose men from their class, but the sophomores, juniors and seniors are restricted from playing varsity men, thus the Freshmen have a great advantage. The same restrictions are applicable to the fraternity teams; no varsity men are permitted to play, which is an unfortunate circumstance for some societies having one or two men on the Varsity.

Wooster will be the attraction in Swasey gymnasium Saturday evening. This contest will mark the conclusion of the most successful basketball season ever experienced by Denison. Wooster will play hard to keep the score down as it is generally known that they will accomplish a miracle if they win as Denison smothered the Presbyterians with an 83 to 0 score at Wooster two months ago.

Coach Livingston has issued the first call for baseball candidates who will report in Swasey gymnasium at 10:30 Saturday morning. Denison will have a veteran team on the diamond this season and a record year is expected.

## HAYMAKERS HELD CONVENTION HERE ON MONDAY NIGHT

The annual convention of the Haymakers was held here next Monday night. A large number of delegates from various towns state of Ohio will be present. Haymakers will act as hosts to the delegates. The plans of the evening include high members and part. The Buckeye band will head the parade. As a feature of the convention, the local lodge will be open for reception of the delegates from 10 a. m. to 10 p. m. on Monday.

We have a wide margin for security and all legal precautions are taken for the protection of our loans.

No safer form of security can be found anywhere.

This is the ideal place to invest your surplus money.

We pay FOUR per cent.

## Let there be No Misunderstanding

We take this opportunity of correcting a possible misconception of Our Spring Style Smart Clothes for men and young men—made to our order by the Stein-Bloch Co. and other reputable firms.

It may be that the distinctly superior appearance of these Smart Clothes in our store window, backed by the good things we say of them, lead to the impression that they are "high priced."

On the other hand the prices of Our Smart Spring Suits and Overcoats range in prices \$10-\$15-\$20-\$25.

We stand back of every stitch in them.

## NOSTRILS AND HEAD STOPPED UP FROM COLO? TRY MY CATARRH BALM

Instantly Clears Air Passages; You Breathe Freely; Dull Headache Goes; Nasty Catarrhal Discharge Stops.  
Try "Ely's Cream Balm."  
Get a small bottle anyway, just to try it.—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.  
End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen inner bronch which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.  
Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus dropping into the throat, and raw dryness is distressing but truly needless.  
Put your faith — just once — in "Ely's Cream Balm" and your cold or any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals Newark, Ohio.

## LARGE CROWDS ARE ATTRACTED TO THE CENTRAL CHURCH

There was another large crowd present at the Central Church of Christ last evening. In addition to the people of Newark, and vicinity a wagon-load of 19 people came from Rocky Fork to give encouragement to the meeting by their presence and interest. As usual, the song-service was marked by sustained interest and power. The solo by Mr. Sturgis was entitled "The Judgment." It was a powerful sermon, in itself. Mr. Lowe discussed the question, "Can a Man Bow and Not Reap?" with sympathy yet with such power of conviction that a deep impression was made upon all of the hearers. He made it very clear that a person absolutely must reap what he sows, and more than he sows. There were two additions to the church. A feature of the singing this evening will be some special music by the Junior chorus. The subject of the sermon will be "The Hardest Question to Answer — and the Easiest." All of the men of the city and vicinity are invited to the men's meeting Sunday afternoon, at 2 o'clock.

Occasionally you meet a woman who is almost as averse to flattery as she is to having her picture taken.
